

Strawberry

Strawberries grown in the fertile lands of Aydın, Antalya and Mersin in April and May are welcome in cold drinks, jams, desserts and fruit plates. Strawberries in the form of slices, which we dry in all kinds of hygienic environments; No sweetening agents were used in any way. When consumed in this state, it is a fruit that is beneficial for human health, from eliminating microbes in the body, preventing the accumulation of water in the body, smoothing the skin lines, balancing high blood pressure, with its antioxidant substance-containing feature.
