

Hi,

Good day,

I am feeling immense pleasure to introduce the company [White Line Textile Ltd](#) situated in Pakistan.

My name is Ali Raza and I represent the Manufacturer [of Eco friendly, reusable, washable, and recyclable Cotton & Paper, Muslin, Canvas bags, and Heat stickers for fabric & Towels, Suede & Cowhide Leather](#) all in the Company White Line Textile. Since this world's climate is changing our products will help a little bit to make it Eco Friendly Environment.

We Work with agents, sales representatives, Textiles, Buyers, Importers, etc. Working with all textiles with best prices in fact. And we take all the precautions in quality before sending with the team of experienced export managers, quality control and production managers.

So we are introducing this aim by providing to retail stores & online stores etc. so this could able to provide much value to your customers and they will feel elegant touch even before using it. And two decades of experience gives us the edge of making these bags perfectly and simply.

We provide custom printing and embroidery in our establishment according to your desires and we also provide heat stickers for fabric, just iron the stickers on any fabric and you're good to go. We print your designs to live.

To save any losses the inspection of the products before shipment are mandatory. To confirm the inspection matches the buyer requirements. With that our customers gets more safety and reliability on our services. We try to build trust in our business relationships.
